

Dear Residents,

There are going to be a few things a little different for awhile at the City Hall. Please do all the business you can via the internet or by phone. The office will be staffed during normal business hours but the door will be locked. If there is something that cannot be managed over the phone or online, we will unlock the door and do what we can to help you. I hope that we are overreacting and that when this is behind us, we can all have a good laugh at the Mayor's expense.

We have contacted some of our business owners and asked for their cooperation. I am very grateful for the response that I have received. Please continue to support our local businesses but bear in mind that there may be some inconveniences while this virus passes.

All emergency services are still available as they have been. We appreciate very much our Police and Fire departments and the dedication they show to and for our residence each day. Please keep in mind that they too will be practicing Social Distancing where practical to do so.

We live in a unique time but in a great little community. I look forward to a great 4th of July celebration and many more fun things to come in our little town. Please be patient and kind to one another and treat those you interact with how you would want to be treated. There are elderly and those who can use our help from time to time in our community. Please use caution and practice Social Distancing where possible but don't forget to use common sense.

Thank You for your understanding and cooperation.

Max Shaffer

P.S. I am available 24-7 and my phone number is not a secret. (208)-201-2868.
