12.04.010 All buildings to be numbered.

It shall be the duty of the owner or person in charge of any house or place of business having entrance from any street or alley in the municipality to number the same in the manner prescribed in this chapter within thirty (30) days after notice to do so in writing, which notice has been served upon him or a responsible party residing or employed at such property by an officer of the city of Inkom police department, provided that if the owner or responsible party is residing without the municipality such service may be made by mailing the notice to such person at his last known place of residence.

(Ord. 89-178 § 1)

12.04.020 One hundred numbers to block.

One hundred (100) numbers shall be assigned to each block or fractional part of a block, as such blocks appear on the address grid map on file in the city office. Frontages on fractional blocks take their respective numbers as though such fractional blocks were full blocks. Even numbers shall be used on the

Title 12 STREETS, SIDEWALKS AND PUBLIC PLACES

north sides of avenues and east sides of streets, and odd numbers on the south side of avenues and west sides of streets.

(Ord. 89-178 § 2)

12.04.030 Land use board to assign numbers.

The chairman of the city land use board shall assign to each building its proper number.

(Ord. 89-178 § 3)

12.04.040 Dividing lines established.

A dividing line, starting at the intersection of Highway 30 and Main Street, then running west parallel to section lines to the west most point of the city limits and running east parallel to section lines to the east most point of the city limits, shall be the dividing line between the north and south sides of the townsite, except that Highway 30, from the intersection of such highway and Main Street eastward, shall be the north-south dividing line for that portion of the city bordered by Ada Street on the west, I-15 on the north, the city limits on the east and the city limits on the south.

A dividing line, running north and south along Main Street shall be the dividing line between the east and west sides of the townsite.

(Ord. 89-178 § 4)

12.04.050 Size of blocks.

A grid system of three hundred thirty (330) feet per block shall be established and used to determine the beginning of each block; except for that portion of the townsite that lies from Highway 30 East on the south to I-15 on the north and from Ada Street on the west to the city limits on the east, in which the north grid lines shall bend to run S 67°27'E at a point along a straight line from Highway 30 East down the center of Ada Street to I-15. East, west and south grid lines shall remain constant for the entire townsite.

(Ord. 89-178 § 5)

12.04.060 Numbering of blocks.

The nearest row of blocks to the north-south dividing line as previously described in Section 12.04.040 of this chapter, shall be the starting point for numbering purposes north and south and shall start at 100. Blocks thereafter shall be numbered consecutively in relation to the nearest row of blocks to the north-south dividing line, the second row 200, the third row 300, and so forth, to the city limits.

The nearest row of blocks to the east-west dividing line as previously described in Section 12.04.040 of this chapter, shall be the starting point for numbering purposes east and west and shall start at 100. Blocks thereafter shall be numbered consecutively in relation to the nearest row of blocks to the east-west dividing line, the second row 200, the third row 300, and so forth, to the city limits.

(Ord. 89-178 § 6)

12.04.070 Names of streets.

For the name of streets, avenues, drives, roads and alleys the official map of the city is adopted and made a part of this chapter.

(Ord. 89-178 § 7)

12.04.080 Names of alleys.

Every alley on the east side of Main Street shall take the name of the street east of it and the alley numbers shall correspond with the street numbers on the nearest street adjacent to the lot on which the alley structure is located. Every alley on the west side of Main Street shall take the name of the street to the west of it and the alley numbers shall correspond with the street numbers on the nearest street adjacent to the lot on which the alley structure is located.

(Ord. 89-178 § 8)

12.04.090 Size of numbers—Where placed.

Every figure of each number shall not be less than three inches in height, being so marked as to be easily and distinctly read. The numbers shall be placed in a conspicuous place on the first story of the front of the building.

On a corner lot, the house number should face the street or avenue named in that address.

(Ord. 89-178 § 9)

12.08.010 Council to determine.

Whenever the council, in their judgment, deem it necessary to require property owners within the city to construct or repair sidewalks, they shall take recorded action in an official council meeting, naming the owner and location of property abutting which it is, in such meeting, determining sidewalks which shall be constructed or repaired.

(Prior code § 9-401)

12.08.020 Notice.

Whenever it has been determined by the council that construction or repair of sidewalk is to be ordered, they shall instruct the city public works superintendent to notify the owner of the property where sidewalk is to be constructed or repaired, of the action of the council, and that such construction or repair shall be completed within sixty (60) days from date of said notice.

(Prior code § 9-402)

12.08.030 Affidavit of notice.

Upon service of a notice to a property owner to construct or repair a sidewalk, the city public works superintendent shall file an affidavit with city clerk setting forth the name of the property owner upon whom the notice was served, the location of the property where sidewalk was ordered constructed or repaired, and the date of service of such notice.

(Prior code § 9-403)

12.08.040 City public works superintendent to supervise.

It shall be the duty of the city works superintendent to furnish specifications for and supervise the construction or repairs of all sidewalks within the city.

(Prior code § 9-404)

12.08.050 Failure to construct or repair.

If an owner of property fails to construct or repair sidewalks abutting his property within the time specified by the notice served upon him by the city public works superintendent, said city public works superintendent shall arrange for such construction or repair and the cost thereof shall be assessed against said property and become a lien thereon, and at the time provided by law for the certification to the county tax collector of the general and special taxes of the city by the city clerk, be certified to the county tax collector to be in addition to all other taxes assessed against such property.
